A Selection from Our Range

Your partner in food since 1902

Lupa Foods is a UK based full-service B2B partner to the food industry.

With a global and domestic sourcing footprint, we import and distribute a selection of more than 600 bespoke and commodity products, combined with services that include NPD, technical, procurement, logistics and business.

Innovation and a customer centric approach is at the forefront of everything we do, and our 120 years' experience the foundation we build our customers' success on.

LUPA FOODS

What we bring to the table

1

Benchmark & recommend

We compare supplier options against application fit, quality, service & price – helping buyers land on the right recommendation faster.

2

Technical & compliance

Our technical team supports supplier approval, audits, specification control & customer compliance requirements.

3

Supply resilience

Multi-source capability reduces dependency on a single manufacturer & gives greater flexibility across formats & supply routes.

4

Commercial simplicity

One contact point, coordinated quoting & a single commercial interface help streamline procurement for busy buying teams.

Measured. Reduced. Independently assured.

OUR LONG-TERM AMBITION

Net zero carbon by 2050

Measuring what matters, reducing our impact & helping build a more resilient food system.

3

Scopes measured

Scope 1 • Scope 2 • Scope 3

Carbon assessment completed across the full emissions footprint.

↘

Continuous reductions

Carbon reduction plan

An active plan turns measurement into sustained year-on-year action.

Independent assurance

Group-level audit

PlanetMark Certified Business

Annual review

Sustainability in action: Better food. Better future.

Four priorities translate the carbon ambition into everyday decisions.

Responsible sourcing

Higher standards for ingredients, origins & supplier practices.

Smarter packaging

Reducing material impact and improving recyclability where possible.

Food waste & giving

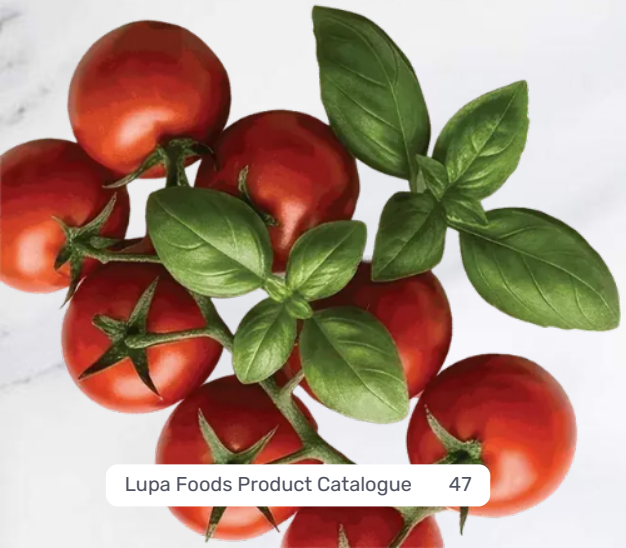

Keeping food-safe surplus out of landfills & supporting communities.

Ethical supply chain

Clear standards, due diligence & oversight across the value chain with Sedex as standard.
